Introduction to Tatum Ranch

Tatum Ranch is a desert oriented community in northeast Phoenix and is home to some of the most beautiful native Sonoran Desert vegetation and wildlife in the entire Southwest. Unlike many other master-planned communities, the natural beauty of Tatum Ranch was retained throughout its development.

About one-fourth or 1,400 acres of the total land area of Tatum Ranch is dedicated to natural open space and recreational uses. Bike paths, hiking trails, community parks and a private 18-hole championship golf course provide residents with ample opportunities for recreation and relaxation.

Tatum Ranch is comprised of many types of housing, from single family to luxury apartments. Five developed shopping centers are completed which provide various products and services to the residents of Tatum Ranch. Tatum Ranch has one elementary school and a second borders our community.

The Second Amended and Restated Declaration of Covenants, Conditions and Restrictions (CC&Rs) was recorded to establish Tatum Ranch. Each owner's property is subject to these CC&Rs.

Community Organization

Tatum Ranch is a planned community and not merely a collection of subdivisions. The Declaration of Covenants, Conditions, and Restrictions (CC&Rs) for Tatum Ranch was recorded and is applicable to all property within Tatum Ranch. The Tatum Ranch Community Association (the "Association") was established pursuant to the CC&Rs. Every property owner and business owner within Tatum Ranch's borders is a member of the Association. The Board of Directors (the "Board") is elected by the Association membership to manage the affairs of the Tatum Ranch Community Association. The Architectural Committee is also elected by the Association membership to review all proposals for residential and business construction or improvements.

Frequently Asked Questions About Tatum Ranch Community Association

When you own a property in Tatum Ranch you become a voting member of the Tatum Ranch Community Association. This membership involves rights and privileges as well as obligations.

What Constitutes the Architectural Committee?

The Architectural Committee is composed of five elected members and one or more alternate members appointed by the elected committee. The election takes place annually, by mail, each year in the fall, prior to the annual meeting of the general membership. The rules governing these elections are contained in the bylaws of the Association. The five elected members serve for staggered periods of two years starting after the certification of the election results at each year's annual meeting.

The Architectural Committee is elected as a separate entity from the Board of Directors and has authority as defined in the CC&Rs. In addition to the functions and responsibilities in the

CC&Rs, the Committee administers the Architectural Guidelines and Design Guidelines with respect to residential and commercial property. Decisions by the Architectural Committee are subject to appeal to the Board of Directors, who may elect to uphold or modify the decision of the Architectural Committee. The Board of Directors' decision is final.

What does the Association Own?

The Association owns Common Areas of real property. Sub-associations within Tatum Ranch also own a few Common Areas. Each home/business lot/parcel owner indirectly shares ownership of the Common Areas by membership in the Association and paying an annual assessment for the upkeep and services of the Common Areas. Owners within sub-associations pay the same assessment to Tatum Ranch as well as a separate assessment to maintain the streets, gates and Common Areas within their sub-association.

What are the responsibilities of and services provided by the Association?

The Association is responsible for the maintenance and repair of the Common Areas, certain perimeter walls and all party walls between Common Areas and lots or parcels. The Association establishes an annual budget and sets sufficient funds aside in a reserve account for long term maintenance and replacement costs. The Association collects assessments from each Member to pay for maintenance and other Association expenses. The Association employs a community manager and staff to take care of day-to-day management of the Association.

Are there any restrictions on what I may do with my house?

Yes. The CC&Rs contain rules and regulations that define what you can do with your house. The CC&Rs also define the circumstances when Architectural Committee approval is required before Owners may make changes to their property.

The Architectural Committee shall approve or disapprove a request within 45 days of the receipt of the application in the Association office. Failure of the Committee to approve or disapprove within 45 days shall waive the approval requirement.

NO EXTERIOR CHANGES MAY BE STARTED WITHOUT PRIOR APPROVAL OF THE ARCHITECTURAL COMMITTEE UNLESS EXPRESSLY STATED IN THESE GUIDELINES. MEMBERS MAY BE SUBJECT TO A MONETARY PENALTY FOR COMMENCING WORK WITHOUT ARCHITECTURAL COMMITTEE APPROVAL.

In certain instances the Developer of Tatum Ranch allowed deviations from the CC&Rs. These exceptions were made while the developer controlled the Tatum Ranch Community Association ("TRCA"). In July of 1998 control of the TRCA was transferred to the owners of Tatum Ranch. The Board of Directors is bound to uphold approvals by the developer while the developer was in control of TRCA. Those deviations approved by the developer do not constitute precedent for future modifications.

Architectural Review Process

These Guidelines for Community Living are intended to establish and maintain a unified and aesthetically pleasing community image for Tatum Ranch.

The CC&Rs (Article IV, Section 2, subsection (a) states “...(i) no improvements (whether temporary or permanent), alterations, repairs, excavation, grading, lighting, landscaping or other work which in any way alters the exterior appearance of any property within Tatum Ranch or improvements thereon from its natural or improved state existing on the date this Declaration is recorded shall be made or done, and (ii) no building, fence, exterior wall, residence or other structure shall be commenced, erected, maintained, improved, altered or made without the prior written approval of the governing Architectural Committee. All subsequent additions to or changes or alterations in any building, fence, wall or other structure, including exterior color scheme, and all changes in grade, lighting, or landscaping of any area in Tatum Ranch, shall be subject to the prior written approval of the governing Architectural Committee. No changes or deviations in or from the plans and specifications once approved by the governing Architectural Committee shall be made without the prior written approval of the governing Architectural Committee.”

Certain subdivisions within Tatum Ranch have amenities, common areas, or other elements unique to only that subdivision. In three of those instances a separate sub-association exists with its own governing documents and association structure. In some cases, the guidelines of the sub-association are more restrictive than those established by the Tatum Ranch Architectural Committee. In those instances, sub-association architectural approval, in addition to approval from the Tatum Ranch Architectural Committee, is required for a proposed architectural modification. In the event that an architectural committee and/or guideline does not exist in the sub-association, the Tatum Ranch Guidelines for Community Living apply.

The Architectural Committee may grant variances pursuant to the provisions of Article IV, Section 6 of the CC&Rs.

Members must submit requests for architectural modifications to the Architectural Committee on an *Application for Design Review* form that is available at the Association office or online at www.tatumranch.org.

The Architectural Committee meets twice a month (usually the 2nd and 4th Monday) to review submitted applications. Only applications submitted by 5:00 PM the preceding Wednesday are reviewed. (No walk-ins or late received applications are reviewed at the time of the meeting.) Contact the office at 480-473-1763 to verify the date, time and location of the meeting.

All Architectural Committee decisions are subject to appeal to the Board of Directors.

The appeal process is as follows:

- A. Within **fifteen (15) days** from the date of written notice of an Architectural Committee decision, an applicant may appeal a disapproved or modified decision by submitting an *Appeal of Tatum Ranch Architectural Committee Decision* form to the Association office.
- B. Within **fifteen (15) days** from the date of written notice of an Architectural Committee decision, any aggrieved party may formally object to a decision of the Architectural

Committee by submitting an *Appeal of Tatum Ranch Architectural Committee Decision* form to the Association office.

The *Appeal of Tatum Ranch Architectural Committee Decision* form is available at the Association office or online at www.tatumranch.org.

The review process provides that any approved application is not effective until fifteen (15) days after the approval date. **Applicants who act upon the approved application before the fifteen (15) days has elapsed risk that an appeal to the Board could reverse the Committee's approval.**

Decisions of the Architectural Committee are mailed to the Applicant shortly after each meeting. A summary of the decisions is posted in the Association office and available at our website, www.tatumranch.org.

Guidelines for Community Living

Most modifications to the house, building or lot require prior Architectural Committee approval. Members may obtain approval by submitting an *Application for Design Review* form to the Association office. Prior approval is required for all modifications as noted below. The following Guidelines for Community Living were compiled by the Architectural Committee under the authority granted by the CC&Rs.

1. Ancillary Buildings and Gazebos (*Architectural Approval Required*) (Eff. 2010)

A gazebo is defined as a freestanding roofed structure, usually open on the sides. All building plans must be submitted to the Architectural Committee for approval before start of construction. No residential ancillary building or gazebo may be more than four feet above party/perimeter walls. In the case of commercial buildings, architectural drawings are required. All freestanding structures must be a minimum of three feet from any party/perimeter walls.

An Ancillary building/structure is defined as any building/structure whether or not attached to the house and includes, but is not limited to, being used as a sunshade, ramada, pergola, or any other similar use or purpose.

Ancillary building roofs that are visible from adjacent properties must be tiled to match the house. Flat or open lattice roofs need not be tiled. Sidewalls, fascias and wide support pillars must be stuccoed and finished to match the house, when required.

A gazebo structure that is not designed to support the weight of trusses and tile for a sloped roof may have the roof made of a durable metal. If unpainted, the metal roof should be black, brown or bronze color. If painted, the metal roof color should match the color of the house roof tile, the body or trim color.

Sidewalls of gazebos may remain in the natural wood finish or be stuccoed and painted to match the body color of the house. If the gazebo support structure is metal and unpainted, the color should be black, brown or bronze color. If the gazebo support structure is painted, the color should match the color of the painted roof or the body color of the house.

Freestanding fabric covered canopies and tents are not allowed. However, temporary freestanding fabric covered canopies, tents, or similar structures may be used during non-repetitive special events. They must be located a minimum of three (3) feet from any perimeter

wall. Temporary is defined as not to exceed forty-eight (48) consecutive hours in any thirty (30) day period.

No temporary building, trailer, incomplete building, tent, shack, garage, or structure of any kind, shall be used at any time as a residence.

2. Awnings & Sail Shades (**Architectural Approval Required**) (Eff. 2009)

An awning may be attached to a residence only in the side or rear yard. Awnings and canopies are prohibited in the front of a residence and on a side yard that is adjacent to a street. Businesses may install awnings. Only solid colors that complement the exterior finish are permitted.

Temporary canopies or other similar structures may be used during non-repetitive special events. They must be located a minimum of three (3) feet from any perimeter or party wall. Temporary is defined as not to exceed 48 hours.

3. Basketball Goals (**Architectural Approval Required**) (Eff. 2008)

Portable basketball goals used in the front of the house shall be stored out of sight when not in use. Basketball playing before 8:00 AM and after 8:00 PM is not permitted. Use of a regulation height basketball goal is permitted in the backyard when properly set back (12') from perimeter/party walls. The backyard is defined as anything behind the front wing walls.

Backboards must be clear or painted to match the house.

4. Building Repair

(CC&Rs, Article IV, Section 2, paragraph (g))

No building or structure on any area in Tatum Ranch is permitted to fall into disrepair and each such building and structure shall at all times be kept in good condition and repair and adequately painted or otherwise finished.

5. Clotheslines (Eff. 2009)

(CC&Rs, Article IV, Section 2, paragraph (k))

No outside clotheslines or other outside facility for drying or airing clothes shall be placed or maintained in Tatum Ranch unless they are not visible from neighboring property.

6. Commercial Vehicles (See Revised Street Parking Policy)

Commercial vehicles are not permitted to park within Tatum Ranch except when performing work at a property or garaged. A commercial vehicle is any vehicle having a logo or any appliance on it that may assist in indicating a commercial enterprise. Appliances include, but are not limited to pumps, tanks, ladders, tool racks, storage racks, lifts, carrying cages and frames.

DPS, MCSO and local law enforcement jurisdiction vehicles that are required to be available at a person's residence as a condition of employment, as well as vehicles covered under ARS 33-1809, are excluded from this provision.

7. Decomposed Granite and Boulders (***Architectural Approval Required***) (Eff. 2009)

Decomposed granite is permitted in a naturally occurring neutral earth tone color only. Use of naturally occurring neutral colored earth-tone boulders such as surface select/naturally weathered granite is also permitted. Use of plastic under-liners is prohibited. (No sprayed/painted granite/boulders are permitted.)

Architectural approval is not required to replenish existing decomposed granite with the same size and shade of granite.

8. Decorations

Display of holiday decorations is allowed 28 days before until 10 days following a holiday.

9. Decorative Plants/Pots

Pots of a neutral color or natural finish are allowed when placed within 3 feet of the front of the structure and on entryways and front patios. Only plants from the approved plant list are permitted. No artificial plants are permitted. No planters are allowed on window ledges.

10. Doors (***Architectural Approval Required***) (Eff. 2008)

Doors with or without glass inserts and with or without sidelights require Architectural approval.

Entry doors refinished in the original natural wood stain or color or painted to match the trim, body color or original paint color of doors do not require submission of an application to the Architectural Committee.

For security doors, see Section 34.

11. Driveways (***Architectural Approval Required***)

Installation of additional driveways or parking areas other than those installed prior to July 1998 is not permitted.

Painting driveways and sidewalks is not permitted. A clear sealer or earth tone matte finish concrete stain may be applied to driveways. No outdoor carpet, textured surfaces or other removable materials are permitted on driveway surfaces.

12. Flags (Eff. 2011)

Flags mounted to the front of a house are permitted when using an appropriate pole and bracket. Flagpoles installed in the rear yard must be twelve (12) feet from any party/perimeter wall. Flagpoles installed in the front yard must be ten (10) feet from any property line. A single flagpole per property shall not exceed the height of the rooftop of the house. All hardware must be firmly secured to prevent noise when windy.

The American flag and U.S. Military flags may be flown if displayed in a manner consistent with the federal flag code (P.L. 94-344: 90 Stat. 810: 4 United State Code sections 4 through 10). The POW/MIA, Arizona, Arizona Indian Nations, the Gadsden flag may be flown in a manner consistent with the U.S. Flag Code, Title 36, Chapter 10. The number of flags displayed is limited to no more than two (2) flags at one time.

13. Garage Conversions (Architectural Approval Required)

Two (2) car garages may not be converted into living spaces. The exception is for three (3) car garage houses. In these cases the single stall may be converted provided that the driveway leading to that stall is removed and landscaping installed.

14. Garage Doors (Architectural Approval Required) (Eff. 2009)

Garage doors shall remain closed except when needed for yard and house maintenance or for access to and from the house. When garage doors are replaced or repaired they must be painted to match the body or trim color of the house; single or double garage doors must be of the same design and color.

15. Garage/Moving Sales

Two neighborhood garage sales are held each year for the entire community (March and October – 2nd weekend). Garage sales are not permitted at other times. The Association will advertise the community garage sale and place neighborhood garage sale signage at major intersections throughout Tatum Ranch. Residents may put up directional signs which are not attached to light poles, street signs, walls or other structures. Daily removal of additional directional signs is required. Balloons at the sale location are permitted.

Owners who have sold their house may hold a moving sale outside the above schedule. Prior approval from the Association office is required. Once approved, the Association will provide a moving sale sign (deposit required). Daily removal of the sign by the owner of the property having the sale is required. Attachment of signs to light poles, street signs, walls or other structures is not permitted.

16. Gates (Architectural Approval Required) (Eff. 2009)

Replacement of a single gate with a new single gate shall not exceed 6 feet in height and 5 feet in width and comply with the Design Guidelines.

Replacement of a single gate by a double gate is allowed provided it is of the same type, design and color as the original single gate. Such gates shall not exceed 6 feet in height and 10 feet in width. The addition of hard surfaces in front of the double gates is not permitted. Entry through such double gates is approved for occasional use only and does not permit the area in front of or behind the double gates to be used as additional parking areas.

Single or double gate frames must be painted black, bronze or the base color of the house. Wood slats must be stained with a solid or semi-transparent natural wood tone color, or painted to match the base color of the house. The design and color of the gate must be included with the application.

17. Height Restrictions

Any structure constructed or installed in the rear yard is restricted to a maximum height of four (4) feet above existing party/perimeter walls.

Note: Compliance with the height restrictions does not exempt any member from the requirement of applying for Architectural Committee approval of any additions as outlined elsewhere in this document.

18. House Painting (*Architectural Approval Required*) (Eff. 2011)

House paint colors must be chosen from the current approved color palettes that are available for review at the Association office. Colors chosen must be from only one color grouping from the Tatum Ranch color palette. Homeowners may choose to use one, two, or three of the colors on the palette of their choice. Prior to painting, an *Application for Design Review* identifying the colors selected must be submitted to the Architectural Committee for approval.

The body of the house must be painted with a flat finish and garage doors may be painted with semi-gloss or flat finish paint in either a trim color or the color of the body color of the house. All exterior walls must be painted at the same time the house is painted. Wing walls must be painted the body color of the house. Perimeter walls must be painted Dunn Edwards color Brown Owl color #Q5-19D.

Houses painted with unapproved colors must be repainted with approved colors as described above.

19. Landscaping/Hardscaping (*Architectural Approval Required*) (Eff. 2009)

Changes to the backyard landscaping do not require Architectural Committee approval as long as they are not visible over the rear yard walls. Plants used to landscape any visible area within Tatum Ranch must be from the Approved Plant List, which can be found at our website www.tatumranch.org. No artificial plants or grass are permitted.

The additions of planters that use the perimeter/party walls as a retaining wall of the planter shall be submitted for approval. A moisture barrier must be used to prevent damage to the painted and/or stucco surface on the opposite side of the wall.

Decorative borders are not permitted in the front or side yards. Lot line delineation is allowed if it is flush to grade. Delineation of grass lawns is allowed with “mowing strips” of brick or natural or earth tone colored concrete. Front yard grass must be kept green year-round.

Grass areas may not exceed 10% of the total lot area. Grass in the front yard is limited to 2% of the lot size. The remaining 8% is allowed in the rear yard.

20. Landscape Maintenance (Eff. 2009)

All landscaped and hardscaped areas shall be properly maintained. Maintenance shall include but not limited to keeping the areas neatly trimmed and free of trash, weeds and unsightly material. Front yard grass must be kept green year-round.

No tree, shrub or planting of any kind on any lot, parcel or other area shall be allowed to overhang or otherwise to encroach upon any sidewalk, street, bike path, equestrian trail, pedestrian way, the Golf Course or other areas from ground level to a height of eight (8) feet.

21. Lighting (***Architectural Approval Required***) (Eff. 2009)

Exterior lighting fixtures on the house shall be of a design/color consistent with the style/color of the structure. No more than ten (10) low voltage landscaping lights may be placed in the front area of the house. Wiring must be concealed.

All security devices and electrical lines mounted anywhere on the house shall be concealed in the eaves or by other trim and painted the color of the surface to which they are attached.

Except for holiday decorations, no colored or twinkle lights are permitted.

Exterior lighting is limited to 40 watts per fixture for incandescent bulbs or 450 lumens. Security lights shall be no more than 100 watts for incandescent bulbs or 1800 lumens.

Lights installed on lampposts are not permitted. Exterior lights including security lights must be shielded or directed so that lights will not shine onto a neighboring property.

22. Misting Systems (***Architectural Approval Required***)

Water misting systems may be installed in the rear of homes. Businesses may install such systems where outside tables are part of the business. The conduits and brackets supporting the system must be painted to match the existing structure. Brass nozzles may be left unpainted.

23. Nuisances

(CC&Rs, Article IV, Section 2, paragraph (e))

Any member, parcel owner or tenant who violates any City of Phoenix or Maricopa County ordinance with respect to pets or noise shall have committed a nuisance and shall be subject to sanctions from the appropriate jurisdictions, including the Tatum Ranch Community Association Board or Architectural Committee.

No animal, bird, fowl, or livestock shall be allowed to make an unreasonable amount of noise or to become a nuisance or an annoyance to other residents. All pets must be kept in a fenced yard or on a leash at all times. It shall be the responsibility of each resident to remove immediately any droppings from pets (Article IV, Section 2, (b)). The Architectural Committee, pursuant to the CC&Rs, will follow up on all written nuisance complaints.

Parents or guardians of operators of go-peds or other motorized vehicles shall be responsible for the minor child's or ward's compliance with all applicable ordinances and CC&Rs and any damage caused by the operator. The parents or guardians shall also be subject to sanctions for any violations committed within Tatum Ranch by their minor child or ward.

Any Owner or tenant of Owner may report the existence of a nuisance within Tatum Ranch to the Association and such report shall be kept confidential to the extent possible. No report will be acted upon unless reasonable substantiating evidence of the alleged nuisance is included in the report.

24. Ornamentation

Ornamentation in/on the front of a house is limited to a southwestern theme. The number of items is limited to three (3) and the size cannot exceed twenty-four (24) inches in any one

dimension. Ornamentation must be at least twenty (20) feet from the curb but is always permitted within three (3) feet of the structure of the house.

25. Parking

(CC&Rs, Article IV, Section 2, paragraphs (v) and (q) and Revised Street Parking Policy)

Parking of vehicles on sidewalks or front yards is not permitted.

Parking on streets within Tatum Ranch is restricted with the following exception:

During special events where a resident's driveway and garage cannot accommodate all of the vehicles, overflow street parking is permitted on a temporary basis but no overnight parking is permitted. Overnight parking (for guests or an emergency) is defined as parking from midnight to 6:00 AM and is allowed provided the Tatum Ranch Office receives adequate prior notice and approval is given by the Association. (The Association office maintains a telephone answering system during non-office hours).

Only vehicle repairs of an emergency nature are allowed on a residential driveway or at its curb. Storage of inoperable vehicles is prohibited in view of neighboring property. An inoperable vehicle is defined as any vehicle without current registration or that is unused, stripped, scrapped, junked, discarded, dismantled, wrecked, on blocks or similar devices, or has deflated tires.

26. Party and Perimeter Walls **(Architectural Approval Required)** (Eff. 2009)

(CC&Rs, Article IV, Section 2, paragraphs (p) and (q))

Community perimeter and party walls are restricted to a height of six (6) feet above grade level. Changing the height of any wall is not permitted without Architectural Committee approval, and must follow the City of Phoenix code.

A homeowner's use of their side of the party wall must not interfere with the adjacent homeowner's use of the opposite side of the wall. Owners are responsible for maintenance of their side of the party wall. Periodic repair and painting of Tatum Ranch walls and view fences require homeowners to cut back or remove plantings for Association maintenance.

Damage caused by an owner to either side of a party or perimeter wall is the responsibility of the owner causing the damage.

TRCA is responsible for the exterior and two (2) sides of the view fence and the homeowner is responsible for the interior side, except for those lots bordering the golf course. When a lot is on the golf course, the homeowner is responsible for painting all sides of the wall and view fence. The walls and view fence facing the golf course shall be painted in the Dunn Edwards Brown Owl color #Q5-19D.

Owners are responsible for painting a street facing wall. The wall must be painted Dunn Edwards Brown Owl #Q5-19D. All wing walls attached to the front of the house must be painted the body color of the house.

All street facing walls, except wing walls, are to be painted Brown Owl #Q5-19D by January 1, 2010.

All walls must be painted at the same time the house is painted. Refer to Guideline 18.

27. Patios/Balconies

Potted plants (from the Approved Plant List available at www.tatumranch.org) and patio furniture are allowed on patios and balconies. Storage of bicycles, automobile parts, paint cans or other such storage items is prohibited on front patios.

28. Patio Covers (***Architectural Approval Required***)

Trellis roof covers and flat roofs hidden behind a stuccoed façade are exempt from the requirement for roofing tiles to match the house. (See *Guideline #1, paragraph 2*)

29. Pool Installations (***Architectural Approval Required***)

The homeowner is responsible for obtaining all required permits. An *Application for Design Review* form must be submitted stipulating location and other pertinent specifications: i.e., rear yard entry, setbacks and any element over wall heights. **No pool company signs are permitted to be displayed at any time.**

If a wall and/or gate is removed, a safety barrier shall be used during construction. If a wall section is removed, it must be stuccoed and repainted immediately upon reconstruction. The wall and/or gate and all landscaping must be restored.

In addition to prior approval by the Architectural Committee, a minimum \$2,000 performance bond is required when pool construction requires access to or impacts any Association Common Area, including perimeter walls.

Backwashing of pool water onto the community streets or common areas is not permitted. Pool water must be retained within the homeowner's lot.

30. Rain Gutters (***Architectural Approval Required***)

Rain gutters must be painted the same color as the fascia and down spouts the color of the house.

31. Recreational Equipment (***Architectural Approval Required***)

Swing sets, pool slides, gymnastic equipment and other such recreational equipment are permitted in the rear yards only. Such equipment must be located at least twelve (12) feet from any wall and/or property line. The structure may be made of natural wood materials or painted a neutral color.

Canopies must be a solid, neutral color with no designs. Canopies must be maintained in good repair. The equipment, including canopy, shall not extend more than four (4) feet above wall heights.

If recreational equipment is not visible from neighboring properties and follows all rules as outlined in this section, no approval is required.

32. Roof Tile and Roof Installations (*Architectural Approval Required*) (Eff. 2011)

When doing a complete roof tile replacement, color selected should be compatible with the house color, colors predominant in the parcel, and the overall TRCA natural desert color scheme. Homeowners in subdivisions with multiple tile designs may use any design already present in their subdivision.

Provide a sample of the old and new tile or colored photo of the old and new tile to the office for Architectural Committee review.

Architectural Committee approval is required when doing repairs with tile that does not match the color and style of existing tile. Approval is not needed when replacing roof tiles while doing repairs if the replacement tile is an exact match to the existing tile.

No devices of any type, including but not limited to, solar energy device; air conditioning unit; evaporative cooler; antenna; or other apparatus, structure or object shall be placed on any roof without the prior written consent of the Architectural Committee.

33. Satellite Dishes and Antennas

Every attempt should be made to place the dish in an unobtrusive location, i.e., side yard or rear yard. Any cable leading from such installations must be secured and painted the color of the surface to which it is attached.

34. Security Screen Doors/Windows (*Architectural Approval Required*)

Doors shall be black, bronze or painted to match the color of the front door or the house. The design and color of the door must be included with the application.

No wrought iron security windows are permitted.

35. Signs (*Architectural Approval Required for Commercial Signage*) (Eff. 2011)

(CC&Rs, Article IV, Section 2, paragraph (m))

A single indoor or outdoor “For Sale,” “For Rent,” or “For Lease” sign is only permitted in front of the property and shall not exceed the industry standard size sign, which is eighteen by twenty-four (18x24) inches. Attachments shall not exceed four in number and each shall not exceed the industry standard size rider of six by twenty-four (6x24) inches.

In no case shall signs, placards or banners be placed or affixed to the surface of any residential structures. Signs shall not be placed over rear or sidewalls or on second story balconies. The exception is that residents are permitted one “No Solicitor” sign not to exceed 28 square inches. This sign must be posted in the front entryway.

Not more than two security signs are permitted. They shall be mounted on a stake within one foot of the house and shall not be more than 16” from the ground to the top of the signs.

Open House signs may be displayed between 8:00 AM and 6:00 PM. A single Open House sign may be displayed in front of the property. Directional Open House signs may be displayed only at an intersection and the number of Open House signs may not exceed more than one (1) for any direction of travel at any intersection. Open House signs shall not be displayed on Tatum Ranch common area.

The size and number of political signs in front of the member's property shall not exceed the maximum aggregate total dimensions of nine (9) square feet. Political signs may be displayed no more than seventy one (71) days before the election and removed no later than three (3) days after the election or run off to which they refer.

Refer to <http://phoenix.gov/election/signspolitical.pdf> for the City of Phoenix political sign regulations. A "political sign" means a sign that attempts to influence the outcome of an election, including supporting or opposing the recall of a public officer or supporting or opposing the circulation of a petition for a ballot measure, question or proposition or the recall of a public officer.

Permanent/temporary commercial signs or banners require approval by the Architectural Committee. A-frame or sandwich board signs are not permitted except for temporary "Open House" signs. All signs must be commercially produced.

36. Solar Devices (Architectural Approval Required)

Solar devices are permitted in accordance with ARS 33-439. Supply and return lines shall be painted the color of the house.

37. Solar Tubes

Installation of solar tubes to provide for interior light is permitted.

38. Storage Sheds (Architectural Approval Required)

Temporary metal or other back yard storage sheds detached from the house are allowed when they are lower than the walls surrounding the house. Permanent sheds that are taller than the block wall must be tiled to match the roof of the house. Permanent sheds may not be attached to any block wall and must be a minimum of three (3) feet from the property line.

39. Sunscreens/Window Screens (Architectural Approval Required)

Drapes and roll up sunscreens may be installed in the rear yards and must be a solid color that is neutral or matches the color of the home. All drapes and roll up sunscreens must be maintained in good condition. Screens shall be black, bronze or similar to the color of the house.

40. Surveillance Cameras or Equipment (Architectural Approval Required)

Exterior surveillance or monitoring cameras or equipment, including cables, shall be concealed or hidden with trim and painted to match the color of the surface to which it is attached.

Surveillance camera(s) shall be directed only toward the applicant's lot or an adjacent street.

In approving any surveillance camera or equipment, the Architectural Committee does not rule or pass upon or make any representations regarding the civil or criminal legality of the use, placement or operation of surveillance or monitoring cameras or equipment. The applicant is solely responsible in determining the applicable law and applicant's compliance with the law. The applicant is solely responsible for the use, placement or operation of surveillance or monitoring cameras or equipment.

41. Trash Containers and Collection

(CC&Rs, Article IV, Section 2, paragraph (j))

Trash containers may be placed at the curb the evening before the scheduled pick up and must be stored out of sight by the evening of the trash pick up.

No outdoor incinerators are permitted in any area of Tatum Ranch.

42. Trellises **(Architectural Approval Required)** (Eff. 2010)

Vertical Trellises attached to the rear patio of a residence are permitted. Natural wood or artificial wood-appearance trellises may be used if painted with a solid color that matches the exterior of the house. A trellis may be used to support a climbing plant selected from the approved plant list.

Freestanding or portable trellises are permitted. Trellises must be painted black, bronze or with a solid color that matches the exterior of the house or in a natural finish wood tone. The height and width is limited to six feet.

43. Vehicles, Trailers, Campers and Boats

(CC&Rs, Article IV, Section 2, paragraph (t))

Maintenance or repair of any motor vehicles classed by manufacturer rating as exceeding ¾ ton, mobile home, travel trailer, utility trailer, camper shell (attached or detached), boat or other similar equipment or vehicle is not permitted on any lot or on any street in Tatum Ranch.

Boats, motor homes or other recreational vehicles are permitted to park on the driveway or in front of a member's residence to allow loading or unloading of supplies for no more than 48 hours in any one week. Such vehicles must not block or hamper the flow of traffic or park in front of any property other than the owner's.

All vehicles, motorized or not, including ATVs, motorcycles, bicycles, go-carts, go-peds and similar vehicles are prohibited from entering onto any Association property, including, but not limited to, Common Areas, washes, equestrian trails and hiking trails.

Lot/parcel owners, who are parents or guardians of minors, are responsible for their child's/ward's proper operation of any motorized vehicle within Tatum Ranch and compliance with all applicable city or county ordinances and state statutes regarding the use and operation of such vehicles.

44. Walkways **(Architectural Approval Required)**

The addition of walkways to connect driveways or entry pathways to rear yard gates is permitted. Such walkways may not constitute the widening or creation of a driveway. Stone, tile or concrete is permitted for pathways as long as the colors and textures are compatible with the front yard landscaping.

The addition of tile or stone covering for the front entry of a house is permitted. Color and texture should blend in with those of the house.

45. Washes and Common Area Access

The installation of gates from individual residences to the washes or other Common Areas is prohibited.

46. Window Film (***Architectural Approval Required***)

Transparent window film is permitted and shall not exceed visible light reflection ratio of 20% for single pane windows and 25% for double pane windows.

Any cracking, peeling or bubbling of the film visible from neighboring property requires immediate removal or replacement.

47. Wiring

All exposed wires and conduits attached to the house shall be installed flush to the house and painted to match the color of the house.

Revised Parking Policy for Tatum Ranch

May 21, 2002

It is the intent of the CC&Rs to restrict on-street parking as much as possible at Tatum Ranch. Parking on streets within Tatum Ranch is prohibited, except as follows:

1. During special events where a Lot Owner's driveway and garage cannot accommodate all of the vehicles of the participants, overflow street parking for that special event in Tatum Ranch is permitted on a temporary basis. Overflow parking is permitted at the location for up to 12 hours; but no overnight parking is allowed (defined as parking from midnight to 6:00 AM). The Tatum Ranch office must be contacted at least 48 hours prior and permission given to the homeowner by Tatum Ranch Community Association if the event is expected to exceed 12 hours or be overnight. If no permission is given, the Lot of the Tatum Ranch Owner that is hosting the event will be cited for a violation.
2. Where a Lot Owner's driveway and garage cannot accommodate all of the vehicles of the visitors, overflow visitor parking in Tatum Ranch on a temporary basis is permitted. Overflow visitor parking is permitted at the location for up to 12 hours; but no overnight parking is allowed (defined as parking from midnight to 6:00 AM). The Tatum Ranch office must be contacted at least 48 hours prior and permission given to the Owner by Tatum Ranch Community Association if the visitor's vehicle is expected to exceed 12 hours or remain overnight on the street. If no permission is given, the Lot of the Tatum Ranch Owner that is hosting the visitor will be cited for a violation.
3. Tatum Ranch Owners may not park their vehicles on the street unless a waiver has been granted by the Board of Directors or the Association Executive Director. A waiver will be granted only if the following criteria are met:
 - a. A demonstrable medical condition or physical disability exists that requires parking on a street.
 - b. Temporary waiver may be granted during construction that renders parking in the garage or driveway impracticable.

To be granted a waiver, an Owner must apply, in writing, to the Board of Directors. If a waiver is granted, the license plate numbers of all vehicles at the residence must be on file at the Tatum Ranch offices to verify compliance. The Owner will be issued a tag identifying the vehicle as having been granted a waiver. This tag must be displayed in the vehicle at all time when parked in Tatum Ranch. Waivers will be granted for 90 days and must be reviewed every 90 days for an extension. The Board may grant, under special circumstances (i.e. physical impairment or disability), a waiver or variance for longer periods of time. Proper documentation supporting the waiver or variance must be provided by the Owner.

4. Commercial vehicles are not permitted to park on streets in Tatum Ranch with the following exceptions:

- a. While work is being done to a home, vehicles owned by the contractor may be parked on the streets in front of the home where the work is being done between the hours of 7:00 AM and 6:00 PM.
- b. Police vehicles are exempt from this rule.

A commercial vehicle is defined as any vehicle having a logo or that has any appliances on it that assist in a commercial enterprise. Appliances include, but are not limited to, pumps, tanks, ladders, tool racks, storage racks, lifts, carrying cages and frames.

All violations will be noted against the Owner of the residence in front of which the vehicle(s) is parked.
